**Subject: Cost Opinion for Trail Construction – Lead, SD**

Dear Eric,

I hope you are doing well. I am writing to provide a cost opinion for the construction of approximately **4,463 feet of natural surface, bicycle-optimized singletrack near Purple Park in Lead, SD**. This measurement is based on the map data you provided.

Based on current industry standards and project scope, the estimated cost for trail construction—excluding trail signage, imported fill, or structures—is expected to fall within the range of **\$26,778 to \$37,935**. This estimate reflects standard trail-building practices while considering local terrain and construction conditions.

Please let me know if you require further details or if there are any aspects of the project you would like to discuss in greater detail. I appreciate the opportunity to be involved in this project and look forward to working together.

Best regards,

**Kevin Forrester**
